At the heart of our organization the goal is to provide support to our membership at a local level with training and information to better support our students & families.

**How would you support financial aid professionals as we move into the future for ILASFAA?**

I would seek new ideas for my region & from my region to help them succeed. I will continue to build relationships within the profession and be the voice the Chicago Region needs by connecting with the professionals within the Chicago Region. Listening is the first step we take & the next step is implementing the changes we can. This is what will help to build a better ILASFAA future.
