What contribution do you envision ILASFAA making to the profession?

I would like to see ILASFAA become the tool that our Illinois institutions turn to for advocacy, direction and advice. In addition to supporting our members, I appreciate ILASFAA's role in community outreach and hope that this model continues forward.

How would you support financial aid professionals as we move into the future for ILASFAA?

I have no doubt that ILASFAA will continue to be a valuable asset to our members and our communities. I would hope to continue discussions on the needs of our administrative professionals: training, tools, outreach, etc.
