2018-2019: ILASFAA Conference Facilities and Conference Program Committee Member

What contribution do you envision ILASFAA making to the financial aid profession?

ILASFAA has and will continue to provide essential trainings and information to our membership to ensure we are up to date and prepared for the challenges of an ever changing financial aid landscape. ILASFAA will continue to offer the ability for members to network and develop relationships with peers so we are able to collaborate and work together as we face these challenges.

How would you support financial aid professionals as we move into the future for ILASFAA?

If elected for Treasure Elect I would continue to support ILASFAA by helping ensure the strong financial health of the association continues. This will allow the association to continue to provide essential training and networking opportunities as we face one of the biggest changes to the financial aid landscape in the form of FAFSA simplification and all the related changes.
